Facilities management know-how

Our services are exclusively tailored for healthcare facilities management, with a dedicated focus on this sector rather than food service or environmental services. Medxcel has delivered \$230 million in savings for our clients over the last five years.

Healthcare specialists

Our team possesses a comprehensive understanding of the intricate challenges involved in hospital management. Over the past five years, we have guided our partners through 162 surveys conducted by The Joint Commission (TJC).

Proven success in delivering value

With experience managing over 160 hospitals and 2,600 sites of care, we bring extensive expertise. Rated as the best in class with 86% of our clients surveyed in 2025 rating their service experience as Excellent or Very Good, we consistently deliver exceptional service and results.

In-house capabilities

We maintain a physical environment that is fully operational and conducive to quality patient care. With access to national industry experts specializing in facilities maintenance, regulatory compliance, and life safety assessments and drawings, Medxcel provides dedicated support and comprehensive assistance for our clients.
